

Zpen

The shortest way to your notes!

Write with Zpen and **Note Search**
seeks through your notes.

Innovative, useful, Zpen is a flash memory-based digital pen that allows you to:

- 1** **Write** notes, drawings and tables with Zpen on any type of paper.

- 2** **Download** your notes, direct onto your computer (PC/Mac/Linux) in order to read them on screen.

- 3** **Find** keywords easily in your handwritten notes thanks to **Note Search**, a cutting-edge software, a real search engine.

- 4** **Convert** in one click your handwritten notes into digital text.

Zpen is also a 1Gb USB key, useful to carry files, videos, photos and music.
